## SHORT COURSES

Short courses are listed below. Please list the course number on the form on the reverse. Most courses have sets of glass or transparency slides which will be mailed beginning in mid-January. **Loan sets of glass slides must be returned at the meeting or a deposit will be required.** Study sets will be mailed only in the United States and Canada. Please list an alternate choice since some courses may be filled before the meeting.

#### Wednesday Morning

- 11 Non-Neoplastic Orthopaedic Pathology ✓
- 12 Diagnostic Problems in Breast Pathology ✓
- 21 The Pap Smear
- 28 Frozen Section Assessment of Selected Head & Neck Lesions ✓
- 34 Clinical Information Systems in Anatomic Pathology ✓
- 63 Hematopoietic and Solid Tumors of Childhood ✓

#### Wednesday Afternoon

- 07 Small Round Cell Neoplasms ❖
- 26 Lung Biopsy Interpretation ❖
- 36 Management and Compliance Issues
- 40 Diagnosis of Gliomas
- 54 Extranodal Lymphomas ❖
- 64 Vascular Pathology ✓

#### Thursday Morning

- 04 Problems in Soft Tissue Pathology
- 18 Endocrine Pathology
- 20 Glomerular Diseases ❖
- 24 Cytopathology of Lymph Nodes ❖
- 29 Diagnostic Immunohistochemistry in Gynecologic Pathology
- 33 Odontogenic Neoplasms & Cysts
- 37 Advances in Liver Pathology
- 39 Neoplastic Disorders of Spleen ✓
- 45 Ophthalmic Pathology ✓
- 46 Pathology of Prostate Gland and Urinary Tract ❖
- 47 Microarrays in Tissue Diagnosis ❖
- 55 Infectious Diseases of Lung ❖
- 57 Atherosclerosis ✓

#### Thursday Afternoon

- 06 Soft Tissue Tumors ❖
- 10 Problems in Breast Pathology ❖
- 14 Cutaneous Manifestations of Systemic Disease ✓
- 23 Differential Diagnosis in Forensic Pathology
- 27 Surface Epithelial-Stromal Tumors of the Ovary ✓
- 48 Dysplasia in the GI Tract
- 49 Molecular studies in Leukemias and Lymphomas
- 52 Endometrial Neoplasia ❖
- 53 Molecular Pathology for the Anatomic Pathologist
- 58 Chronic Interstitial Pneumonias
- 59 In Situ Hybridization
- 61 Kidney and Liver Transplants
- 62 Introduction to Statistics for Pathologists

#### Friday Morning

- 05 Radiographic Correlation in Orthopedic Pathology
- 08 Cardiovascular and Pulmonary Pathology in Systemic Disease
- 09 Diagnostic & Therapeutic Approaches to Breast Diseases
- 15 ThinPrep Cytology Interpretation ❖
- 16 WHO Classification - B-Cell Lymphomas
- 19 Cervical Neoplasia Screening
- 22 Tumors in the Liver
- 30 Neoplasms of the Head and Neck
- 31 Malignant Melanoma
- 35 Immunohistochemistry of Solid Tumors
- 41 Thyroid Cytology/Histopathology ❖
- 44 Non-Neoplastic Disorders of the Intestines
- 56 Neoplastic Thoracic Pathology

#### Friday Afternoon

- 02 Small Superficial Soft Tissue Tumors
- 03 Radiologic-pathologic Correlation In Breast Core Biopsies
- 17 FNA of Metastatic Malignancies
- 25 Problems in Uterine Pathology
- 32 Cutaneous Non-Melanocytic Lesions ❖
- 42 Prostate Needle Biopsy ❖
- 50 Occupational Lung Disease
- 51 Inflammatory Bowel Disease
- 60 Pediatric Pulmonary Pathology

\* Courses marked with a ❖ are ending this year. Courses marked with a ✓ are new this year.
