RESIDENTS & PATHOLOGISTS-IN-TRAINING

107TH ANNUAL MEETING
GEARED TO LEARN

MARCH 17-23, 2018
Vancouver Convention Centre
Vancouver, BC, Canada

USCAP
Creating a Better Pathologist
The United States and Canadian Academy of Pathology has been the most prestigious provider of continuing medical education (CME) for pathologists globally for more than a century.

The Academy provides scalpel-edge educational information and new results of translational research literally as they happen, as well as information and educational activities addressing best practice standards for pathology.

USCAP is the definitive premier organization for creating pathology’s leaders, most of whom credit the USCAP for their success.

The Academy has nearly 11,000 pathologists members worldwide.
WHY IS THE USCAP ANNUAL MEETING SO IMPORTANT?

- Numerous opportunities to meet luminaries in the field
- Fellowship Fair event to network with prospective employers
- 2-day Mentors at the Table event
  (informal roundtable discussions with pathology leaders over breakfast and lunch)
**USCAP FELLOWSHIP FAIR 2018**
